

RITISH MUNAGALA

Hyderabad, Telangana — +91 91821 28931 — ritishmunagala31@gmail.com — linkedin.com/in/mritishh

PROFESSIONAL SUMMARY

Detail-oriented BBA (Finance) graduate with hands-on experience in content analysis, data management, review of business documents, and reporting. Skilled in extracting and structuring information from business documents and reports, with strong proficiency in Microsoft Office Suite (Word, Excel, PowerPoint). Adaptive to organizing and maintaining data for accuracy, consistency, and accessibility. Seeking to leverage analytical and communication skills in a Knowledge Management role to support content publishing, stakeholder engagement, and process improvement at a global professional services firm.

CORE COMPETENCIES

Content Management:	Business document analysis, content summarization, editing & proofreading, content tagging & organizing
Knowledge Management:	Content publishing, knowledge portal maintenance, content quality review, meta-data & taxonomy
Business Writing:	Proposal support, project summaries, research-based content, business communications
Microsoft Office:	Advanced Excel (Pivot Tables, VLOOKUP/XLOOKUP, formulas), Word, PowerPoint
Reporting & Analytics:	KPI tracking, metric analysis, data visualization, reporting for leadership, process improvement
Tools & Platforms:	Power BI, Google Looker Studio, IBM Cognos Analytics, SharePoint (familiar), SQL Foundations, GitHub
AI & Automation:	Generative AI tools, prompt engineering for content development, Excel macros exposure

PROFESSIONAL EXPERIENCE

Business Operations Analyst
Venkateswara Traders, Hyderabad, Telangana

May 2025 – May 2026

- Analyzed and summarized business performance data from operational reports, converting raw information into structured, actionable formats for management review — directly mirroring proposal and document analysis required in Knowledge Management.
- Organized and maintained records for 100+ client accounts in CRM systems, applying consistent categorization, tagging, and data quality standards to enhance searchability and information retrieval.
- Created and refined business documents, reports, and dashboards using Advanced Excel and Power BI, ensuring accuracy, formatting consistency, and adherence to defined reporting guidelines.
- Delivered structured training content to personnel, writing and organizing SOPs and workflow documentation to standardize processes — experience translating institutional knowledge into usable content.
- Tracked operational KPIs and turnaround metrics, contributing to regular leadership reporting and identifying opportunities for process efficiency improvements.
- Coordinated with stakeholders across levels to gather, validate, and refine information for reports and performance updates, demonstrating cross-functional communication and content acquisition skills.

KEY PROJECTS

Sales Performance Dashboard — Power BI & Advanced Excel

- Designed an interactive dashboard to track KPIs, revenue trends, and regional performance — demonstrating ability to extract key insights from complex data sets and present them in clear, usable formats.

- Automated data cleaning and reporting workflows, reducing manual effort and improving reporting turnaround time — aligning with portal content management efficiency goals.
- Conducted trend analysis and forecasting, improved reporting accuracy by 20%, and documented methodology for stakeholder review.

Customer Churn Prediction — Excel & Statistical Analysis

- Conducted exploratory data analysis (EDA) on large datasets to identify key behavioral patterns, structuring findings into clear reports with actionable recommendations — reflecting content extraction and summarization skills.
- Developed a segmentation model using statistical techniques, contributing to a 15% improvement in retention rates by enabling data-driven strategy decisions.
- Documented research methodology and findings in structured reports, balancing analytical depth with readability for non-technical stakeholders.

EDUCATION

Bachelor of Business Administration (BBA) – Finance

June 2024

Little Flower Degree College, Hyderabad — CGPA: 8.46 / 10.0
